SKILLS/EXPERIENCE

I have built up experience with various technologies and languages, both through my education and personal interests. These include:

PROFICIENT

- ActionScript 3, FlashDevelop, FlashBuilder 4, Flash CS5
- Java, Eclipse, Netbeans, Android, J2ME
- git, svn

INTERMEDIATE

- C#, Visual Studio, XNA

WORK HISTORY

Oct 2011 **Night Shift Worker**
to *Sainsburys*
present *Dundee*

- Gained valuable experience working in a team based environment.

Jan 2011 **Systems Tester**
to *i-design*
Feb 2011 *Dundee*

This was a temporary position which lasted for approximately three weeks. I worked within a small team that was tasked with finding faults in software before its release.

- Role involved working with fellow system testers and development team in order to decide relevant tests and report results.
- Demonstrated ability to work to a deadline by completing all assigned tests on time.
- Gained experience of working both on my own and within a group.

EDUCATION

Sept 2007 **University of Abertay Dundee**
to *Dundee*
Jun 2011

- Bsc Computer Games Technology
